PROFESSIONAL SUMMARY

Full-Stack Developer with nearly **2 years of experience** specializing in **React.js, Next.js, Node.js, and MongoDB**. Expert in implementing **secure authentication, RESTful API integration, and performance optimization** to build scalable web applications. Proven track record of improving **user experiences** and collaborating within **cross-functional teams** to deliver high-quality digital solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), TypeScript, Tailwind CSS, Shadcn UI, HTML5, CSS3, Bootstrap.
- **Backend:** Node.js, Express.js, Microservices architecture, API Development.
- **Database:** MongoDB, MySQL, PostgreSQL, Prisma, Drizzle ORM.
- **Security & Auth:** JWT, OAuth, NextAuth.js, Two-Factor Authentication (2FA), Clerk.
- **Tools:** Git, GitHub, Figma, Zod (Validation), Generative AI.

PROFESSIONAL EXPERIENCE

Pixelflame Software Pvt. Ltd. | Full Stack Developer | Dec 2023 – Oct 2025

- **Developed responsive web applications** using **React.js and Next.js**, ensuring 100% mobile compatibility via **Tailwind CSS**.
- **Implemented secure authentication** workflows using **JWT, OAuth, and 2FA**, significantly reducing vulnerability risks.
- **Optimized API performance**, reducing server response times and improving overall application scalability.
- **Enhanced UI/UX designs**, resulting in improved user accessibility and higher engagement rates.
- **Collaborated with cross-functional teams** and stakeholders to translate complex client requirements into technical specifications.

CORE PROJECTS

Bite-Box – Full-Stack Food Delivery Platform

- **Tech** : MongoDB, Express.js, React.js, Node.js (MERN), Redux Toolkit, Socket.io, Razorpay API, Cloudinary.
- Engineered a multi-role system featuring **Role-Based Access Control (RBAC)** for Customers, Restaurant Owners, and Delivery Partners.
- Integrated **Socket.io** and **Google Maps API** to provide **real-time live tracking** of delivery personnel for active orders.
- Developed a **Dynamic Merchant Dashboard** allowing owners to manage digital menus, shop settings, and real-time order notifications.
- Automated logistics through a **Smart Assignment System** utilizing customer-specific OTP verification for secure delivery completion.
- Enabled seamless global payments via **Razorpay** and leveraged **Geolocation APIs** for automated restaurant filtering based on user proximity.

SocialVerse – Full-Stack Social Media Platform

- **Tech** : MongoDB, Express.js, React.js, Node.js (MERN), Socket.io, Cloudinary, nodemailer.
- Developed a high-traffic social networking engine featuring a **real-time home feed**, **user stories**, and a complex **follow/following** to manage user relationships.
- Built an instant messaging system using **Socket.io**, enabling **real-time chat**, active status indicators, and live interaction notifications.
- Integrated **Cloudinary** for seamless media management, handling automated **image uploads**, optimization, and **storage for posts** and profile assets.
- Engineered dynamic engagement tools including **nested comments**, **post likes**, and a **"save"** functionality to improve content discovery and user retention.
- Implemented **secure authentication** and **global search**, allowing users to manage their digital identity while efficiently discovering new profiles and trending content.

Advanced Finance Tracker

- **Tech**: Next.js, Tailwind CSS, Shadcn UI, Clerk, Drizzle, Zod, Node.js.
- Built a **secure financial dashboard** featuring **real-time analytics** and multi-account management.
- Developed **CSV import/export** functionality for efficient transaction tracking and data portability.

FitFlow – Fitness & Diet Tracker

- **Tech**: React.js, Vite, Tailwind CSS, Shadcn UI, Zustand, Chart.js.
- Designed a **personalized health dashboard** to track daily metrics including steps, water intake, and BMI.
- Integrated **Chart.js** to visualize weight progress and **macro-nutrition breakdowns** (calories, protein, carbs).

EDUCATION

- **Master of Computer Applications (MCA)** | Lovely Professional University | **ML and AI** | 2026 - Present
- **B.Sc. in Information Technology** | Magadh University (76%) | 2017 – 2020
- **Intermediate** | Gyan Bharti Public School, Gaya | 2017
- **Matriculation** | Manav Bharti National School | 2015

ACHIEVEMENTS

- **Codebite Hackathon 2023**: Recognized at the state-level web development competition hosted by **Sheryians Coding School, Bhopal**, for building innovative, scalable web solutions.
- **Skillvarz 1.0 (by Gravity Coding) 2024**: Successfully competed in this high-intensity frontend hackathon, showcasing expertise in interactive UI/UX elements, animations, and modern frontend frameworks.
